## Carmel Church and Ruther Glen 230 kV Electric Transmission Projects

At Dominion Energy, we are committed to keeping the communities we serve informed of projects in their area. On July 23, 2024, we held our first community meeting for the Carmel Church and Ruther Glen 230 kV Electric Transmission Projects. At the meeting, we listened to feedback from neighbors and answered questions about the project.

We would like to hear from you again before we file our application with the Virginia State Corporation Commission (SCC). We invite you to attend a second community meeting at Caroline High School on Tuesday, Sept. 17, 2024.

A presentation will begin at 5:15 p.m. to provide an update on the project, route adjustments made based on feedback from community members, and project next steps. Following the presentation, our project team will be available to answer your questions in an open house style event for the remainder of the meeting.

### UNABLE TO ATTEND? NO PROBLEM.

Here are other ways to engage with our team:

- Meeting content will be available to view at your convenience on our project website.
- Contact us by email or phone to discuss the project.
- Contact us and request a meeting with a smaller group in your community.

View the project study area and routes, zoom in, measure, leave comments for our team, and more with MapChat by ERM, our interactive map tool located on our project website.

Protecting the grid against natural and man-made acts is a top priority. You can learn more about our commitment to safety at [powerlines101.dominionenergy.com](http://powerlines101.dominionenergy.com).

The map is intended to serve as a representation of the project area and is not intended for detailed engineering purposes.
