

Moriah Energy Center

Enhancing Reliability Through Storage

Construction of the project will bring economic benefits to Person County, such as local tax revenue, increased spending at local businesses and enhanced energy reliability.

Dominion Energy's Footprint in Person County

150+ miles of natural gas lines

60+ years of operations

80% of Person County's top 25 employers depend on natural gas

Construction

\$43 million in economic activity

\$1 million in local and state tax revenue

Operation

Once in-service, the facility is estimated to generate more than \$20 million in new local tax revenue over 25 years.

Natural gas reliability will support economic development opportunities such as enhanced employer recruitment. Affordable and reliable natural gas is a key consideration in the decision to relocate or expand business operations.

Employment

Dominion Energy's building contractor, Matrix, is seeking local talent with mechanical, electrical or energy experience to support construction needs.
