Three types of assistance:

1. Bill Payment* — Three programs for any heating/cooling source: oil, gas, kerosene, wood, and electricity

- General
- Veterans
- Persons Living with Disabilities

2. Weatherization — Approved bill payment customers are automatically eligible to receive a free energy assessment and installation of recommended energy-saving measures

3. Education/Outreach — Partnering with the community to help residents understand energy use and providing low cost/no cost tips to make simple, cost-effective changes

** The availability of EnergyShare assistance is not guaranteed as funds may be exhausted.*

Am I eligible?

EnergyShare is not income based. Anyone facing a crisis and in danger of losing their primary heating or cooling source may be eligible for assistance.

How are benefits determined?

Dominion Energy works with local non-profits and DSS agencies to manage the EnergyShare screening process. These agencies review applications on a case-by-case basis to determine eligibility. If approved, the benefit is paid directly to the customer's vendor.
